

PSI SOLUTIONS INC.
STANDARD PURCHASING TERMS AND CONDITIONS

ACCEPTANCE: This order becomes a binding contract on the terms set forth herein when it is accepted by Seller either by acknowledgment or the fulfillment of the order. No revisions to this order shall be valid unless in writing and transmitted by an authorized representative of PSI Solutions Incorporated (PSI).

QUALITY MANAGEMENT SYSTEM: PSI Solutions' Suppliers should maintain AS9120 Quality Management System or equivalent requirements.

RIGHT OF ENTRY & RECORD RETENTION: During the duration of this contract, Sellers and their Subcontractors will allow PSI Solutions personnel and regulatory authorities to enter and inspect its facilities and records involved with this order upon request.

Seller shall retain all quality records relating to this order, including but not limited to; Accepted Test Plans, Calibration/Test Results, Certificate of Conformance and processing records. Seller and Seller's Subcontractors shall maintain verifiable objective evidence of all inspections and test performed, results obtained and dispositions of non-conforming articles. These records shall be identified to associated articles, including heat and lot number of materials, unit or lot serialization and made available to Buyer and/or Government Representatives upon request and shall be retained in a safe, accessible location for a period of ten (7) years UNLESS OTHERWISE SPECIFIED ON CONTRACT*.

Seller's records associated with the manufacture of serialized or lot controlled articles will provide for continued traceability of serial numbers or lot number identification through all phases of manufacture, commencing with the raw material and continuing through final acceptance of the end item. Records held for the required retention period (7 years*) shall not be destroyed without Buyer's written concurrence. Contact Buyer for concurrence.

COUNTERFEIT ELECTRONIC PARTS DETECTION AND AVOIDANCE SYSTEM REQUIREMENTS:

Seller shall meet the following additional requirements for electronic parts procured by or on behalf of Seller: (i). Seller shall implement a counterfeit electronic parts detection and avoidance system consistent with the requirements of the latest dated version of SAE standard AS5553, as of the effective date of this contract. (ii). Seller shall include the substance of this article, including this flow down requirement, in all subcontracts for electronic parts awarded by Seller for work under this Contract.

All articles, material, and workmanship furnished with this order shall be subject to inspection and test by PSI at all times and places during manufacture. Payment for any articles under this order prior to inspection shall not constitute an acceptance thereof. PSI shall have the right at any time to reject any articles found to be defective in material or workmanship (with or without instructions as to their dispositions) and to require their replacement or correction. All freight charges involving the shipment of defective items shall be for Seller's account. Unless Seller elects to correct or replace the articles which PSI has a right to reject and is able to make such correction or replacement within the required delivery schedule, PSI may require delivery of such articles at a reduction in price which is equitable under the circumstances. If PSI rejects any articles under this order, PSI shall be relieved of any obligation to accept and/or pay for such articles.

NON-CONFORMING PRODUCT NOTIFICATION AND FLOW DOWN: The Supplier shall provide timely reporting of delivered non-conforming product by notifying PSI within twenty four (24) hours of discovering the non-conformity. This notification to PSI shall provide a clear description of the non-conformity, which includes the part number(s) affected, customer name (PSI Solutions, Inc.) and customer part number, purchase order number (s), quantities and date(s) delivered. When applicable, PSI Solutions may require the supplier to fill out a Supplier Corrective Action Response form.

Requirements for the Supplier to flow down to sub-tier suppliers applicable requirements: To ensure product performance, reliability and quality, the Supplier shall flow down to their sub-tier suppliers the applicable requirements noted in the PSI Purchase Order.

COMMERCIAL ITEMS: If the item is a Commercial Off-the-Shelf product (COTS), it must be built to industry standards.

CHANGES: PSI may, at any time, by written order to Seller and without notice to any third parties, make changes within the general scope of this order, including but not limited to changes relating to attachments, method of shipment or packing, or place of delivery. If any such change causes an increase or decrease in the cost of, or the time required for, performance of this order, an equitable adjustment shall be made in the price or delivery schedule, or both, and PSI and Seller shall modify the terms of this order accordingly in writing. Failure to modify in writing by either party shall not be considered a waiver of the requirement of such writing, and PSI shall not be liable to Seller for any extra charges unless such charges are made pursuant to written modification of this order signed by both parties. Any claim for adjustment under this clause must be asserted within 30 days from the date of receipt by Seller of the notification of changes. Nothing in this clause shall excuse Seller performing under this order as modified. PSI reserves the right to judge your hair and make comments amongst ourselves and may refuse to share our opinion.
